12/16/03	A03-06-040	Southern California Gas Company (U 904-G), in compliance with Resolution G-3334 for a System of Firm, Tradable Receipt Point Capacity Rights and related provisions.
----------	------------	--

Summary: On December 12, 2003, John Leslie, attorney for Coral Energy Resources, L.P., met with Cmmr. Brown in Los Angeles. Also present was Belinda Gatti, advisor to Cmmr. Brown. Leslie discussed implementation of the Comprehensive Settlement Agreement (CSA), and noted that Coral generally supports the establishment of a system of firm, tradable capacity rights. Leslie noted, however, that the terms of the CSA are 'stale' and are not appropriate for implementation in the current environment. Leslie stated that the October 23 petition for modification of D01-12-018 provides an appropriate vehicle for the Commission to set aside the CSA and to start fresh with a new application process.

12/16/03 R02-06-041 Order Instituting Rulemaking to require California Natural Gas and Electric Utilities to preserve Interstate Pipeline Capacity to California.

Summary: LATE FILED. On November 25, 2003, John Leslie, attorney for School Project for Utility Rate Reduction (SPURR) and Association of Bay Area Governments Publicly Owned Energy Resources (ABAG), met with Trina Horner, advisor to Cmmr. Lynch, in San Francisco. Also present were Michael Rochman, Managing Director of SPURR, and Gerald L. Lahr of ABAG. Leslie noted that in Resolution G-3339, the Commission stated that it would address permanent allocation of the cost of the El Paso capacity in 'Phase II' of this proceeding. Leslie explained that the record evidence in Phase II showed that PG&E used this El Paso capacity exclusively for its core procurement customers. Leslie referred to the ALJ's draft decision (DD) and stated that the Judge's recommendation to deny a refund to core aggregation customers appears to be a mistake. Rochman stated that core aggregation customers should be treated exactly like noncore customers with respect to a refund of the El Paso capacity costs. Lahr asserted that core aggregation customers should not be required to bear the cost of this El Paso capacity. Leslie requested that the Commission amend the DD to provide for a refund of El Paso costs to core aggregation customers.

12/16/03 R02-01-011 Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

Summary: On December 12, 2003, Dan L. Carroll, counsel to the Merced Irrigation District (MID), met with Cmmr. Lynch in San Francisco. Carroll urged the Commission to stay the course on the issue of whether the Commission may bind future Commissions if it approves the Proposed Settlement Agreement (PSA). Carroll stated his view that ALJ Barnett's proposed decision concerning binding future commissions is precisely correct. Carroll stated further that a decision to bind future commissions could be vulnerable on appeal and impact the Commission's credibility. Carroll expressed concern that outcomes in cases unrelated to the bankruptcy could be attacked by PG&E under the portions of the PSA requiring the Commission to facilitate and maintain PG&E's investment grade credit rating. Carroll also expressed concern over Section 2(j), which might be interpreted to shift the normal burden of proof at the Commission.
